Hello

My name is

Discover your Jewish Name

Westmount Shul invites you to discover your Jewish name.

What is so special about a Jewish name?

According to the Kabbalah your Jewish name is your essence. It captures your personality and describes your unique mission on earth.

Mystics teach us a remarkable tradition: At death every person is asked his or her name. What we are really being asked is whether we lived up to the task and potentials reflected in our Jewish name.

The ceremony in which one receives a Jewish name takes place at Shul in front of the Torah with the blessings of the congregation. Traditionally, a kiddish is given afterwards, during which many wishes of "Mazal Tov" and blessings are bestowed by the community. Our Rabbis tell us that both the Jewish name and the ceremony are of great importance.

No matter how old you are, if you were never given a Jewish name or if your name was given without the proper Torah ceremony and kiddish, it is not too late! Now is the time.

On December 12th during our next "United Shabbat" Shabbaton, we invite you to join us in our naming ceremony followed by a sponsored luncheon.

If you want to participate, please contact Rabbi Michalowicz at 905.889.4296 or yossi@rogers.com so that he can discuss your name and present you with further details.

Please contact us as soon as possible as registration in this naming ceremony is limited.
